

SERIES: WELCOME TO WONDERLAND

Episode 1: Center of the World

What do we do with life's big mysteries? How do we find peace with our unanswered questions?

QUESTIONS:

- We all grow up with a framework for making sense of the world. Which best describes yours: religious, academic, scientific, moralistic, or something else? How has your outlook on life changed over time?
- Have you ever experienced a
 time when what you thought was true no longer made sense?
 Explain.
- For you personally, what is the
 "price of admission" to faith? In other words, what would it cost you?
- Was there ever a time in your life when your faith was solely dependent on a church, religious leader, personal experience, or the Bible? Would your perspective change if it was focused on Jesus instead?

NOTES:

BOTTOM LINE

Choosing to follow Jesus doesn't mean we get all the answers. It means we get a new point of reference.
